CINEMATRONICS STRIKES BACK...

with POWERPLAY*

A non-stop soccer-style game from **CINEMATRONICS. POWERPLAY*** electrifies indoor soccer by combining it with body checks, slaps and punches

GAME FEATURES

POWERPLAY* features include 3-D graphics and player interaction in the form of bouncing, rebounding and actual knock-downs. The game plays on a realistic two-goal soccer field that scrolls for increased action. The playfield scoreboard even has a scrolling message board to flash instructions.

THE BIG DIFFERENCE

POWERPLAY* eliminates the confusion of meaningless action and animation because of its two automatic goalies. Each defends against the opposition with accurate kicks, blocks and punches. This difference leaves you free to kick the winning goal, block a tough shot or knock an opponent to the ground

CINEMAT* QUALITY

The **CINEMAT SYSTEM*** provides you with the most value for your money. **CINEMAT*** offers the best graphics, color and game play in the market today as well as superior diagnostics and bookkeeping. The **CINEMAT SYSTEM*** and **POWERPLAY*** are the latest examples of **CINEMATRONICS** quality

There are three ways of ordering **POWERPLAY*** and other **CINEMATRONICS** games
